ASON FOR CHANGE

ur original lab was purchased by a new company, have been seeing higher cost ot used in current FY due to grant funded fuels reduction projects, and the sbandment of the baseline crews

me equipment is scheduled to be replaced this upcoming year

ost programing needs this fiscal year were accomplished within capital projects, it this line item will be ongoing

classed multiple items within this line item aster Plan Completed and in final review

pecting to upload multiple GIS data points, and combine Arch GIS with Cartegraph ultiple programs still needing to be completed

pt last FY budget figure

ticipating more offsite training, & increase in travel cost

ore certifications were obtained last fiscal year requiring renewals

bre CDL drivers requiring updated physicals and increase in fit testing cost

ticipated cost increase, due to availability, shipping, and general increase

OMMENTS

on't know if this will be completed 21/22 FY. Have in both FY budgets.

panded project and Inflation cost of equipment & materials

his phase will consist of having an engineering firm provide redesign and upgrade options rice increase due to year change to 2023 and discontinued fleet price

rice increase due to year change to 2023 and discontinued fleet price

Vill not receive until the 22/23 year with possible increase due to chassis availability and material cost ncrease. 21/22 expense is for trailer only

rice increase due to year change to 2023 and discontinued fleet price

/ill replace Truck 15 which is 18 years old and is past it's life expectancy

/ill give staff the ability to service tires onsite with minimal truck and shop down time

/ill be used to display various district information/event notifications

urrent lift does not support heavy equipment, this will give staff the ability to work on heavy rucks/equipment safer

/ill replace current rented parts washer with a new unit we own and maintain, currently spend around 2500 for maintenance/service

&D staff need an additional truck to be able to maintain work flow if any other trucks are down for any eriod of time.

spect easements, locate water leaks and inspect manholes in remote areas, CERT use to assist in search nd rescue and spot fire location

OMMENTS

omplete, to be added to project total cost for fixed asset purposes

suming completion of design and CEQA permitting, bidding and start of construction

n-Going

n-Going

n-Going with slight increase

ink 5 improvements using carryover contingency construction dollars

rchase completed

rchase completed timated cost of generator installations

ight not receive until 22/23 year

urchase completed

rchase completed, paid with \$287K in 20/21

nsure on the delivery date, hoping to receive this fiscal year but could roll into next fiscal year. Will ceive grant money for this. Paid for with \$287K in 20/21

rchase completed

his Project will expand the data we can collect with our new historian software, we will be able to pull ata from Gen, pumps, VFD, Etc. **(50/50)**

rchase completed

rchase completed

ill replace both BC & 2G outdated influent and effluent flow meters

ill rehab all asphalt at the BCWTP, this was not done during last fiscal year pavement rehab project due the Clearwell Project

his new peace of equipment will be used to maintain district gravel/dirt roads and ditches which will be n-going maintenance moving forward. **(50/50)**

ill replace the current outdated OSG with the latest equipment with more available parts/service

Till replace the current outdated OSG with the latest equipment with more available parts/service be are starting to see a decline in the availability of Hach instruments and more importantly the memicals each analyzer use, switching to the Rosemount would save in chemical cost since these do not be any reagents to operate, and we could remove the Hach service contract we have on our current malyzer

e are starting to see a decline in the availability of Hach instruments and more importantly the nemicals each analyzer use, switching to the Rosemount would save in chemical cost since these do not se any reagents to operate, and we could remove the Hach service contract we have on our current nalyzer

is will replace 2 units, one of which has failed and both are no longer supported for parts
