

March 18, 2020

To protect the public and the employees of the Groveland Community Services District (GCS), effective immediately the GCS office lobby will be closed to the public until further notice, in compliance with state and federal guidelines to prevent the spread of the Novel Coronavirus (COVID-19). We have reduced office staffing to two persons with the remainder working remotely to provide the recommended social distancing.

Bill payments can continue to be made in the drop box in the office parking lot, by phone, mail or online at [www.gcsd.org](http://www.gcsd.org). We appreciate your understanding and please stay safe.

GCS Water, sewer and fire department services, as well as administration will continue as normal without interruption, and although the office doors will remain closed; we will still be answering customer phone calls and providing services to the public scheduled via phone appointments. You can also reach us during normal office hours by email at [info@gcsd.org](mailto:info@gcsd.org).

We appreciate your patience as we work through this health issue while at the same time protecting our citizens and employees, providing safe and reliable water and sewer services.
