

## **GCSD COMMUNITY RESOURCE CENTER**

### **DURING PG&E PUBLIC SAFETY POWER SHUTDOWN (PSPS)**

Just a reminder to the community members, Groveland Community Services District (GCSD) has established a location at the GCSD office parking lot where people affected by the power outage can access the internet, charge electronic devices and receive current information about the power outage.

This community service will be provided outside the GCSD office during office hours:

Monday-Thursday 7:30-4:30 Friday 8:00-4:00

18966 Ferretti Road Groveland

Those on groundwater wells and without power in the community will be able to fill water bottles and containers with tap water, to allow for flushing toilets, bathing and other sanitation needs. Since GCSD will not be providing the water containers, those receiving water should treat it as non-potable.

Stay tuned to [www.gcsd.org](http://www.gcsd.org)
