

Water Utility Bill Assistance

Groveland Community Services District would like to announce that the local nonprofit Amador Tuolumne Community Action Agency, or “ATCAA” has begun providing water and sewer bill assistance. The amounts they can pledge for assistance through grants will help pay the outstanding delinquent GCS D water and sewer bill balance of qualified customers.

If you or someone that you know is past due and having a difficult time paying your/their water or sewer bill, ATCAA would like to encourage you to reach out to them. ATCAA expects this program to last about one year, but due to expected demand for this grant money, we encourage customers who believe they are eligible to apply right away. ATCAA requires that GCS D customers submit an application and a current water bill. Please see the contact information and application link below.

Tuolumne County: 209-533-1397, X250 or X287

Calaveras County: 209-283-4021

Amador County: 209-223-1485, X259 or X290

Applications are available by mail or online at <https://www.atcaa.org/utility-bill-assistance>

If you need a copy of your GCS D account history, please reach out to the District Office at 209-962-7161 or info@gcsd.org.

Thank you for participating and please contact GCS D at any time. We hope this partnership with ATCAA and financial assistance will help our community recover from COVID-19 related impacts.
