Fire Department News:

GCSD Engine-781 and TCFD Engine-631 personnel supported the American Red Cross in collaboration with Groveland C.E.R.T. during a community-wide fire alarm replacement project. This initiative aims to improve residential fire safety by providing and installing free smoke alarms in local homes. Fire personnel actively assisted with outreach, safety education, and the installation of alarms throughout the community.

GCSD Station 78 has begun replacing flooring throughout the facility. Upgrades in key areas such as the kitchen, office, and bathrooms enhance the station's durability and functionality. This project demonstrates a continued commitment to investing in Station 78's infrastructure and improving the work environment for personnel.
