

BOARD MEETING AGENDA SUBMITTAL

TO: GCSD Board of Directors

FROM: Peter Kampa, General Manager

DATE: March 12, 2024

SUBJECT: Agenda Item 6D: Update and Board Direction Regarding the

Preparation of the Capital Improvement Plans for all District Services

and Administration

RECOMMENDED ACTION:

No specific action is recommended at this meeting, as staff seeks to inform the board and public of the fiscal impact of the major improvements and replacements of infrastructure and equipment required in the coming decade.

BACKGROUND:

The district has recently completed the preparation of an updated water and sewer master plan that included a comprehensive capital improvement program. Per the direction of the board, staff has finalized the capital improvement plan for discussion today. Attached you will find sheets covering each of our services and administration. During this meeting we intend to briefly introduce each of the projects, their relationship to operating cost and capacity development as well as how they relate to our rates, fees and charges. The board will take action at a future meeting to adopt the capital improvement plan.

FISCAL IMPACT:

None at this time.

ATTACHMENTS:

Draft capital improvement plan sheets.
